

Escapade Française

Covid-19 Statement

All the guest houses partners of Escapade Française are committing to enforce the directives decreed by the public authorities in the fight against the Covid 19 virus within their establishments. Thus, to ensure the safety and health of our customers and collaborators, numerous measures have been put in place.

An information and documentation service is available through a referent in charge of monitoring the application of protocols to guarantee health safety for all.

Also, the respect of barrier gestures and the cleaning plan, being our priorities, have been strengthened notably through greater ventilation of the rooms and the use of disinfectant products on all surfaces, including door and window handles.

When necessary, our partners have readapted their accommodation as well as their modalities of use to comply with the imperative adaptations to the current situation.

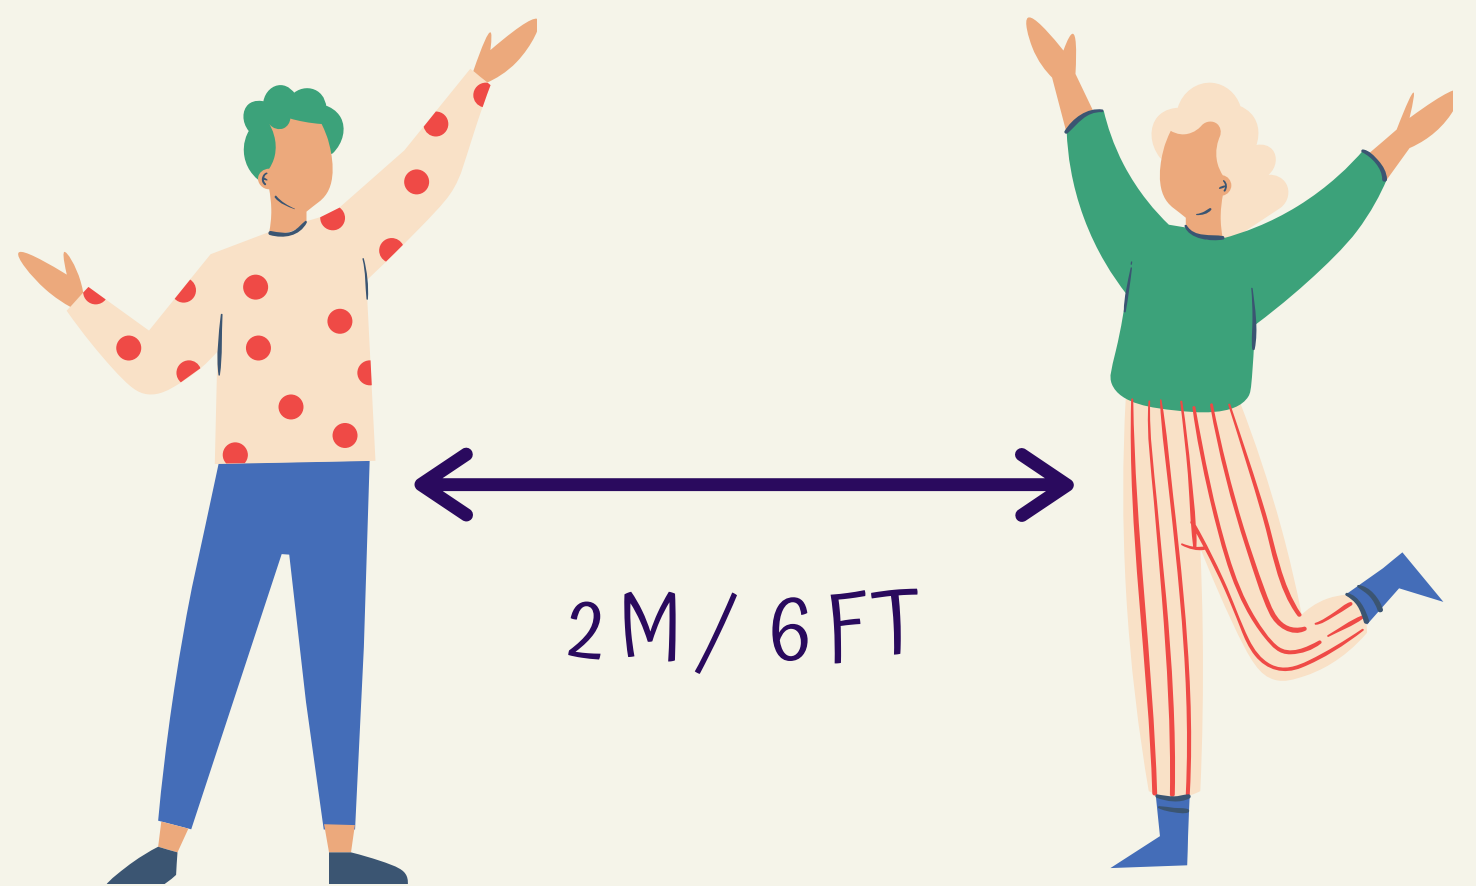

Beyond these precautions, Escapade Française invites all travellers in France to remain cautious in their daily lives, especially when on the move. As a reminder, take care to protect yourself by wearing a mask, washing your hands regularly for at least 30 seconds and, in case of cough, protect yourself in the crease of your elbow. If necessary, our partners will be able to measure the traveller's temperature at any time.

STOP THE SPREAD

WASH YOUR HANDS FREQUENTLY

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

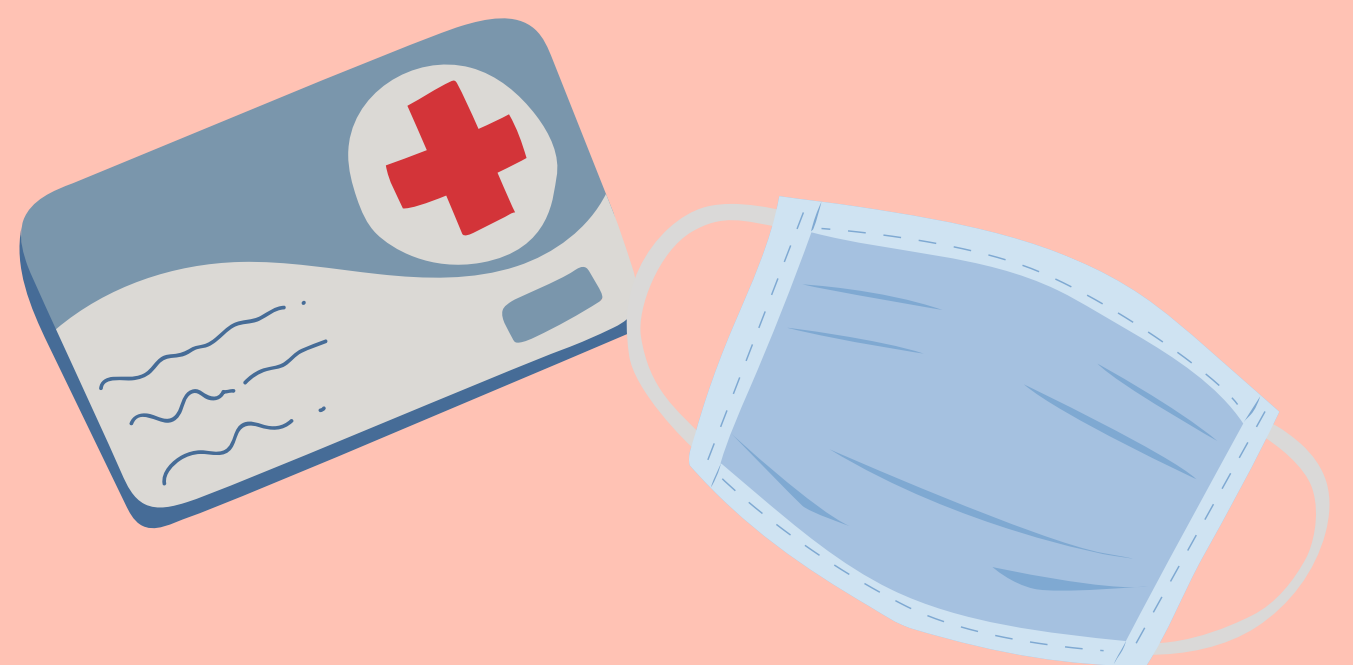

MAINTAIN PHYSICAL DISTANCING

Maintain at least 2 meters (6 feet) distance between yourself and anyone who is coughing or sneezing.

AVOID TOUCHING EYES, NOSE AND MOUTH

Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth.

IF YOU HAVE A FEVER, COUGH AND DIFFICULTY BREATHING, SEEK MEDICAL CARE EARLY

Stay home if you feel unwell. If you have a fever, cough and difficulty breathing, seek medical attention and call in advance.
